JAPAN HOLDING OUT FOR DEFINITION

Oppose Japanese Stand But Believe Frank Exchange of Ideas

JAPANESE ATTITUDE

Informal Explanation Given by Japan to State Department—Senate May be Represented.

London, July 20.—It is announced as provisionally arranged that Premier Lloyd George will attend the Washington conference on limitation of armaments.

Washington, July 20.—President Harding's move for a disarmament conference is assuming far greater magnitude in world affairs than first indications disclosed.

As the preliminary negotiations proceed they are revealing all sorts tions and leading into fields which in the beginning had seemed far removed from the purposes of the conference. But officials here apparently are thoroughly confident that the widespread effect of the president's proposal will in the end only prove an aid in accomplishing the frank exchange of ideas for which the conference was called.

One of the principal side issues now occupying the attention of the American government is the disposition of Japan to hold out for an exact definition in advance of the subjects to be considered by the assembled powers

The attitude of officials here is that to thresh out that question now not only would delay the conference but might also branch into a discussion of the merits of the disputed subjects themselves It is felt that the program for the conference could best be arranged by the conference itself or, failing that, at last by negotiating after each of the invited powers has sent in an unconditional acceptance.

News dispatches from Tokio reporting that Japan might raise such questions as racial equality and abolition of extra- territorial rights in China were read with manifest interest here, but no official would comment. There was an apparent feeling of satisfaction over other unofficial advices, seeming to indicate that the Tokio government proposed to clean the slate of some of the troublesome Far Eastern problems by moving toward a settlement of such questions as Shantung and the occupation of Siberia.

It developed during the day that the explanation given Japan by the state department relative to the scope of the conference was entirely informal and that department officials apparently hoped to be able to reach an understanding without further exchange of formal notes. The information desired by Tokio is understood to have been given the Japanese ambassador during an informal conversation with Secretary Hughes, and it is assumed that further exchanges of a similar nature will take place here or in the Japanese capital before the stage of formal reply is reached.

President Harding is understood to have decided that the senate is to be represented on the American commission in the disarmament conference.

Although the size and personnel of the commission are matters not yet given detailed attention, the president is said to feel that because of its joint responsibility with the executive in the nation's foreign relations the senate ought to be represented.

BISHOP TO PROBE CHARGE AGAINST FLORIDA MINISTER

Miami, Fla., July 20.—Bishop Cameron Mann, of Orlando, presiding prelate of the Florida diocese of the Protestant-Episcopal Church, was expected to reach here yesterday to conduct an investigation into charges that the Rev. Phillips S. Irwin, white pastor of St. Agnes church here, preached racial equality to his negro congregation.

Irwin was kidnaped Sunday night by a band of masked men, beaten, tarred and feathered and ordered to leave town. He has declined to leave and says he will not do so until ordered by the bishop.

State News

Richmond, July 20.—The Richmond police department has announced a new departure in handling traffic violations. It is said that the new system which is along the most modern lines, will save much time both for autoists and the police.

Policemen will carry cards on which are printed traffic violations. One of these, with the ordinance violated by the motorists checked, will be placed in the car. The stub will be checked with the violation and marked with the license number of the offender.

The autoist will be required to report at headquarters the next morning where it will be determined whether he must attend the session of the police court or not. Sessions for traffic violations will be held on Friday afternoons only.

Richmond, July 20.—Chester Conklin, well known comedian of the films, has been engaged to play the leading role in the pictures to be produced by the Interstate Motion Picture Corporation, which has just completed a studio in Richmond, according to a report today.

C. Lee Moore, auditor of the Commonwealth, is president of the new company which was chartered about three months ago. Remodeling of old St. Mark's Church at First and Clay streets has just been completed and this building will be used as a studio.

Nothing has been heard of the activities of the Richmond Photoplays, incorporated, which concern was chartered the day after the Interstate. This concern has been reported as seeking to buy sites at Westhamption, Tuckahoo, Aquavista and other places on the James river.

Richmond, July 20.—Final disposition of the award for the $2,000,000 memorial building to Virginia soldiers in the World War, the grant of which to the John T. Wilson Construction Company without the formality of calling for bids or even drawing up specifications caused such a furore here several weeks ago, is expected to be made tonight at the joint meeting of the State Library Board and the War Memorial Commission.

All organizations which desire to lodge protests against the award have been invited to be represented. Accordingly the Richmond Chamber of Commerce, the Virginia Department of the American Legion, the Central Trades and Labor Union of Richmond, the Builders' Exchange the American Institute of Architects and a number of other civic bodies have announced their intention of sending spokesmen to the meeting instructed to fight the secret award to the last ditch.

Although roundly scored on every side all members of the commission and board have refrained from making any statements in their own defense, those who would talk at all declaring they will make their defense at the meeting tonight. Senator Morgan R. Mills, chairman of the commission, has withdrawn his firm, the Virginia Equipment and Supply Company, from membership in the Builders' Exchange.

Richmond, July 20.—Trinkle and Tucker are both claiming the state at the primary election for a Democratic candidate for Governor August 2 by 25,000 majorities. according to revised estimates given out by the headquarters of both candidates.

Ten days ago Tucker claimed the state by plurality of 22,100 and Trinkle estimated a victory by 20,000 votes. Since then Trinkle has made gains in Richmond, Norfolk and the Ninth district, according to General W. W. Sale, campaign manager for the Wytheville senator.

The most significant feature of today's estimate in the gains made in Richmond, according to Trinkle backers. When the estimate was given ten days ago Trinkle workers conceded Richmond to Tucker. Now, they declare, Tucker will only carry by a small majority, if he carries it at all. Trinkle workers are hopeful of carrying the capital city by 1,000 or 1,500.

Col. David H. Leake, campaign manager, Harry St. George Tucker, refused to give out any definite figures, claiming that to do so might furnish ammunition for the Trinkle forces to take some votes away from the Rockbridge county man. General Sale declined to take a like course unless Mr. Leake did so.

Seek City Offices

Republicans to Nominate Candidates Friday Night

A mass meeting of the republicans of the city will be held at 8 o'clock Friday night in the rooms of the chamber of commerce at which time it is announced nominations will be made for the various city offices.

The republicans here on June 30 last held a mass meeting at which time it was decided to place candidates in the field for the various offices. All republicans together with those desiring to affiliate with the party are invited to attend this meeting.

SAMARIAN REBEKAH LODGE INSTALL OFFICERS.

District Deputy President, Mrs. Anderson and staff has installed the following recently elected officers of Samarian Rebekah Lodge No. 27: Mrs. Margaret Clark, P. N. G.; Mrs. Ray Cobean, N. G.; Mrs. Rebecca Simpson, V. G.; W. L. Clark, secretary; Mrs. Mary Rambo, finance secretary; Mrs. Annie Dodd, treasurer; Mrs. Ruth Topping, warden; Mrs. Grace Clark, conductor; Miss Elsie Fearson, I. The report of the finance committee of this lodge presented at its last meeting indicates an increase in membership of over 300 per cent. during the last term.

The attention of members is called to a request made by Noble Grand and which will be found in another column of this issue of "The Gazette."

AGREES TO LET WIFE DO ALL THE TALKING

New York, July 20.—Woman's prerogative is fully protected in an unusual domestic agreement just signed by Mr. and Mrs. Charles Y. Bauman. Under its provisions Mrs. Bauman may talk when, where and as much as she pleases.

The husband, however, agrees that, although living in the same apartment with his wife, he will not speak to her for nine years except when it is absolutely necessary. The same agreement was entered into nine years ago after a disagreement. It expired yesterday and was renewed.

Mr. Bauman is 75 years old and his wife 45.

4,00,00 WOMEN TEACHING IN U. S.

Cleveland, July 20.—There are 8,000,000 women in the United States in gainful occupations, Dr. Amelia Henry Reinhardt, president of Mills College, Oakland, Calif., told the 300 delegates attending the third annual convention of the National Federation of Business and Professional Women's Club in an address here this afternoon.

Fifty per cent. of the women are teachers, Dr. Reinhardt said, while 37 per cent. occupy secretarial positions. Only 1,600 women have graduated in law.

Mrs. Lena Lake Forrest, of Detroit, national president, in her annual address, outlined the aims of the federation for the future and told of the achievements of the past. She pleaded for a better education for business women, sane thinking on the problems of the commercial world today, intelligent citizenship and a full acceptance of the responsibilities of equal suffrage.

Thirteen new State Federations have affiliated with the national body during the last year, Miss Lena Madesin Phillips, executive secretary, reported. The state organizations number 39 with approximately 325 federated clubs and a membership of more than 30,000. Rhode Island is the only State without federated clubs.

Richmond, July 20.—Collections of duty by the Treasury Department at the port of Richmond during the fiscal year ending June 30, 1921, totalled $1,126,713.58, according to the annual report just made public by W. Guy Smith, deputy collector of customs. Twenty-five years ago collections averaged less than $20,000 a year, according to Mr. Smith.

NEED BILLION EXTRA FOR DEFICITS

Congressional Leaders Admit Taxation Scheme Must be Revised

DELVE INTO TANGLE

Criminal Prosecutions Will be Started if Audit Gives Basis—New Chiefs Take Charge Today.

Washington, July 20.—More than 200 expert auditors under the direction of Robert M. Montgomery, described as one of the foremost accountants in America, are seeking to unravel the tangled financial skeen of the United States Shipping Board and arm Chairman Lasker with the information he will need when he submits to cross-examination by Congress as to $880,000,000 deficit of last year and the $300,000,000 anticipated deficit this year.

Congressional leaders were staggered today when they realized that they must provide something like $1,000,000,000 more than the original estimates to meet the $300,000,000 Shipping Board deficit, the $100,000,000 vocational education deficit and the $500,000,000 to $600,000,000 necessary to meet the railroads' claims, now being adjusted. Senator Smoot and other leaders candidly admittedthis afternoon that the whole scheme of taxation would have to be revised.

Meanwhile, it was frankly confessed at the Shipping Board that nobody knew for certain how matters stand either as to the past or the future. It seems certain that close to $400,000,000 covered the loss last year and that $300,000,000 will cover the loss this year, but there is no absolute assurance of this. It will be weeks, perhaps months before a final auditing produces a satisfactory balance sheet.

Meanwhile, also, nobody in particular is blamed by the present administration. All the blame is laid upon the system and the emergency under which the system was created Former Chairman Benson, who was reappointed by President Harding and Frederick I. Thompson, also reappointed, are not at fault, it is earnestly declared. Admiral Benson, it was recalled today, served for months as the whole board, the Senate refusing to confirm his associates. During that time he was overwhelmed with official detail, being compelled, for example, to sign every travel check.

Mr. Thompson escapes blame, it is added, because he was on the job only a few weeks, not having been confirmed until reappointed. Even apologies are made for Alonzo Tweedale comptroller of the board, who was presumed to know the state ofaffairs, but who frequently admitted in the past that he was unable to give accurate data regarding deficits. Mr. Tweedale has been continued in office, but not formally reappointed, it became known today.

Although Chairman Lasker generously excused his predecessors personally, charging the whole unfortunate mess up to the "system," it became known today that the audit now going on might reveal the basis for criminal prosecutions and, if so, the records would be placed in the hands of the Department of Justice for action.

At the Capitol there is a wide difference of opinon as to what should be done. Congress is shocked to find it necessary to provide $300,000,000, perhaps more, to subsidize the Government owned fleet during the coming year when it has been led to believe by White House assurances that there would be no more deficits. Some legislators are indignant enough to junk the whole fleet and retire from a bad bargain, but they are in a hopeless minority. Others, including Chairman Jones, of the enate Commerce Committee, insist that it is necessary to meet the recurring deficits in order to save the $4,500,000,000 investment the Government has made in its merchant fleet.

Democratic legislators argue that the whole purpose of the shout and hurrah about the deficit last year is to justify the deficit for the current year.

Claims Revised

Both Trinkle and Tucker Forces Now Claim 25,000 Majority

Richmond, July 20.—Trinkle and Tucker today are both claiming the state by 25,000 majority according to revised estimates given out this morning by headquarters of both candidates.

Ten days ago Tucker claimed the state by a plurality of 22,100 and Trinkle estimated a victory by 20,000 votes. Since then Trinkle has made gains in Richmond, Norfolk and the Ninth district, according to General W. W. Sale, campaign manager for the Wytheville senator.

When the estimate was given ten days ago Trinkle workers conceded Richmond to Tucker, Now, they declare Tucker will carry Richmond by only a small majority, if he carries it at all.

Sanity Questioned

Ida Hawkins, Colored, To Have Commission Investigate Her Case.

Recently Ida Hawkins, colored, has been in the police court for minor offenses and again today Ida was a prisoner at the bar as was also Henry Clay, colored. Ida this time was charged with disorderly conduct. She keeps house for Henry Clay. There troubles recently have been numerous.

The accused charged Clay with beating her. Clay denied the charge. The court decided that Ida would not again face the bar for some time is come, and announced that a lunacy commission would be appointed to examine into her sanity and if the committee finds she is of unsound mind she will be sent to the state asylum at Petersburg, Va. The court acquitted Clay.

GOING TO WINONA LAKE

Bristol, July 20.—A delegation from the Bristol Billy Sunday club will attend the Billy Sunday Camp meeting which will be held at Winona Lake, Ind., on July 21 to 24. Roanoke and Norfolk Billy Sunday clubs will also send representatives to the Billy Sunday meeting to be held this month in Winona Lake .

ALLEGED FORGER SWINDLER'S MAID.

New York, July 20.—Nobody knew much about the identity of Mrs. Anna Richardson Burkett, of Hillsdale, Ind., who appeared today in a New York court to answer to a charge of having forged Col. Theodore Roosevelt's name to a note for $69,900, until old court attaches took a close look at the prisoner.

Then they informed the prosecuting attorney that Mrs. Burkett was formerly employed as a maid by Ann O'Delia Diss Debar, one of the most notorious women swindlers America has ever known, and a familiar figure on two continents a generation ago. The prosecuting attorney immediately sent for all the records in the Debar cases. Mrs. Burkett pleaded not guilty.

The last record of Ann O'Delia Diss Debar was her release from an English prison in August, 1906. She and her reputed husband had been serving a sentence for their connection with a cult known as the "Theocratic Unity."

The Debar woman was in reality the daughter of Prof. John C. F. Saloman, once of Washington and later of Kentucky, but she claimed King Louis I, of Bavaria, as her father and the famous actress, Lola Montez, as her mother. She traveled about the country, claiming occult powers and ability to reveal hidden truths. She was indicted and convicted of defrauding rich men.

OVERSEAS VETERANS TO AID OWN WOUNDED

New York, July 20.—The Veterans of Foreign Wars began a "cut red tape" drive today for $200,000 to provide special food for wounded soldiers in hospitals and recreation for convalescents. The fund will also go for better housing conditions for soldiers in vocational training.

John W. Albaugh, Jr., chairman of the drive committee, said the organization would raise money by street corner rallies and collections in the theatres. The Stage Women's War Relief is aiding.

The chorus is composed of Misses Margaret Armstrong, Mary Cain, Margaret Cain, Mary Conlon, Marion Griffith, Mellanie Graumann, Violetta Jamesson, Mary Kelly, Frances McDermott, Dorothy Nugent, Helen Nugent ,Ellen Stolp and Rose Tull.

The Columbian Players need no introduction to the theater-loving people of Alexandria, for the plays of the Columbian Players have been features of our community for a long time back and have never failed to provide an unusual amount of entertainment.

The play will begin promptly at 8.15 both this evening and tomorrow evening, and tickets may be procured at the Lyceum Hall. The entire proceeds will be devoted to charity, and a "reverfe of mirth and music" is promised all those attending.

ANDREWS-DIXON NUPTIALS.

Mr. and Mrs. Frank Dixon, of this city, have announced the marriage of their daughter, Miss Helen Louise Dixon, to Mr. C. V. Andrews, of North Carolina. The ceremony was performed Saturday, July 16, at Grace Church, Dr. Carpenter officiating.

BIG SHIPBUILDING COMPANY PLACED IN RECEIVER'S HANDS

New York, July 20.—An involuntary petition in bankruptcy was filed in the Federal Court today against the Pusey and Jones Company, which operates large shipbuilding plants at Gloucester, N. J., and at Wilmington, Del.

Henry a Wise, who was recently appointed receiver for Christoffer Hannevig, chief owner of the company, was also named to take charge of the company.

Papers filed show that the company has a claim against the Shipping Board for $14,000,000, that its two plants at Gloucester and worth more than $1,000,000 and that the Wilmington plant is valued at several million dollars.

The petition was filed by C. J. Rainear, J. B. Simpson and other creditors .

HUNTS RUM SHIP WITH GUN

Atlantic City ,N. J., July 20.—Thousands of persons on the Boardwalk today watched the movements of a revenue cutter, which steamed back and forth within the 3-mile limit, apparently on the lookout for liquor runners, who are said to have been plying up and down the Jersey coast. The cutter carried a gun forward, from which the canvas had been removed.

It was reported today the smugglers are using seaplanes in removing liquor from a boathouse at Great Bay, Federal agents said the reports had not been confirmed.

Falls In Sewer Trap

Chas. Irby, 12 Years Old, Injured This Afternoon

Charles Irby, twelve years old, son of Mr and Mrs. Samuel Irby, this afternoon shortly before 2 o'clock fell into an open sewer trap on Duke street between West and Peyton streets, and badly injured his leg and received cuts and bruises. The lad was taken to the Alexandria Hospital and treated by Drs. Wilkins and Wood.

Later Policemen Rumer, Miller and Talbot arrested a colored boy giving the name of Richard Alexander, who it is charged removed the covering from the trap. The police say that his told them he was in search fora ball when he moved the covering over the trap.

FREE CONCERT FRIDAY BY BAND

Citizens' Band Will Play at Friends' Playgrounds

USE PORTABLE STAND

Public Invited to Attend Concert—Many Cities in Virginia and Other States Support Bands.

The first of a series of five public concerts to be given by the Citizens Bank will be held Friday evening at the Friends' playgrounds on Queeen between Washington and Columbus streets to which all our citizens are cordially invited.

The Citizens Band is an organization composed of twenty-six young men of this city who have personally purchased their musical instruments and are enthusiastically working under the leadership of an ex-leader of the U. S. Engineers Band to give to this city a band which our citizens will be proud of and at the same time promote an interest in good music and be a pleasure to our citizens generally.

The band will use on Friday evening for the first time the portable band stand which has been secured through the generosity of several of our public spirited citizens.

Many cities of this and our neighboring states, are showing great interest and pride in their local bands and showing their appreciation of the value of the services rendered the community in providing recreation and pleasure by these public concerts.

The citizens of Staunton, Va., have long supported the famous "Stonewall Band." The city council of Charlottesville, Va., makes an appropriation for the support of its band at that place and Hagerstown, Md., contributes $1,000 a year for the support of its band.

Encourage the band by your presence and enjoy some of the good music the band is now producing.

FALLS FVE STORIES; LIVES

New York, July 20.—Nine-year-old Joe McCabe fell through the fire escape from the fifth floor to the ground floor this morning and is at Bellevue Hospital seriously injured. The youngster slipped through the open stairway of the fire-escape and barely missed a drop to the cellar. He was picked up unconscious and hurried to the hospital.

The doctors found the child had injuries on their end, shoulder and backbone. Nine stitches in two places on his hear were necessary. He may have internal injuries also.

OKLAHOMA CITY POLICE KU-KLUX, CHARGES MAYOR.

Oklahoma City, Okla., July 20.—Declaring that he had information that 50 per cent. of the members of the Oklahoma City police department belonged to the Kuklux Klan, Mayor John C. Walton today directed Chief Glitsch to investigate and to discharge every policeman who does not immediately resign from the klan.

The mayor stated this information came from private detectives employed to investigate "this invisible empire."

TODAY'S THOUGHT He who ascends to mountain-tops shall find the loftiest peaks most wrapt in clouds and snow; he who surpasses or subdues mankind must look down on the hate of those below.

Lord Byron

Stephen C. Foster.

The Washington Herald proposes, in its editorial of the 19th inst., to erect a monument to the memory of Stephen C. Foster. This composer, according to the Herald, was the most beloved of American song-writers. "Old Folks at Home," "Old Dog Tray," "My Old Kentucky Home," and many others of like nature, have been the favorites of three generations, and will likely continue in their popularity for generations to come. Although Foster was a Connecticut Yankee, he had caught the true spirit of the slave minstrelsy, and simply transcribed it in word and melody. As we have already said in these columns, the only true folk-songs of any country come from its peasantry, and the only peasant in this country has been the ante-bellum slave. Foster was a genius, and genius knows neither latitude nor longitude. More than any other composer he caught the spirit of the slave-music and the simple rhyme and rhythm that accompanied it. It is worth noting, too, that his songs often express the love of the old-time negro for his home and his white people—a happy existence and a care-free life.

The only true American national melody is "Dixie;" which likewise breathes the African spirit of melody, and was originally sung by a white negro-minstrel troupe while touring the south. This music is so spontaneous and genuine that it fairly lifts a crowd to its feet, no matter where sung or played.

The music of Foster's songs, as well as that of "Dixie," will never wholly die out. And sometime, when American composers shall produce symphonies and great operas, it will be found that their roots will extend down through the years to the negro melodies so dear to the primitive American heart.

1921 PREDICTIONS.

(Communicated.)

"A prophet is without honor in his own country." Early this year a prediction was made and published based on the fact that Neptune was in the sign, Leo, which governed the heart; that all narcotics with tobacco were very detrimental at this time. Last March, being asked for a suitable time for a marriage contract and in studying the star map for this year, found each month the leading planets were all in a condition of conjunction, squares and oppositions, unfavorable to a happy marriage.

Now we are not only witnessing the evil effects of narcotics but conditions of the world generally.

We have also been studying the system of numbers as taught by Pathagoras and find out this year 1921—1 plus 9 plus 2 plus 1—equals 13. Not considering 13 as unlucky Pathagoras considered no number above 9, which he said was a cycle; so he added 13—1 plus 3 and obtained 4, which is a very unlucky number. In number 4 there is a struggle for existence with the elements, with the law of the survival of the fittest. Being on the negative side of the circle, have dropped into more difficult condition as we are going down. Therefore we must give particular attention to all matters of life and business. "Keep the nose to the grindstone." This period of recklessness and extravagance must be observed to the minutest detail, note the deaths by suicide, reckless travel. The earth and planets are passing through a period which will not be repeated in about 25,868 years.

HOUSE OF LORDS

In the British House of Lords, May 14, Lord Darnley moved for the appointment of a committee to enquire into the mode in which the war with the United States has been conducted, and more particularly into the management and disposal of the naval forces of the Kingdom during the war.

He complained that there was not a considerable force on the American station at the commencement of the war. He was answered by the ministers that the smallness of the force was to shew the sincerity of their pacific declarations.

A great number of petitions have been presented to the British Parliament respecting American Cotton. Some for its prohibition; others for its continued introduction. The government appears averse to excluding. The Chancellor of the Exchequer concluded one of his speeches on the subject, by expressing the happiness it would give him if all the differences with America could be adjusted.

The London Gazette, May 15, contains a list of 35 American vessels captured, transmitted by Admiral Cockburn; and of 7, transmitted by Admiral Thornborough, on the Irish station.

BELA KUN'S NEW PLOT LEAD HIM INTO TOILS

Copenhaben, July 20.—Bela Kun, the former Hungarian communists leader, was arrested in Lemberg on his arrival there from the Moscow communist congess, according to a Lemberg dispatch to the Berlingsk Tindende today.

The charge against him was that he was carrying plans for a communist rising in Galicia.

GIRL CITES 120 LOVE NOTES IN BALM SUIT

New York, July 20.—When Marie Gruner, on July 29, 1918, met Adolph Levi, in Japan, he proposed she alleges in a complaint against him. She accepted, she says, and later in this city, he told her he would prefer death to life without her.

However, last April, after Miss Gruner had given up her position as companion to a wealthy and socially prominent woman, he went abroad to get rid of a marriage contracted by him when a minor, she says. He write her she was "better off without him."

Miss Gruner says she has at least 120 love missives he sent her between July, 1918, and April, 1921. She asks $25,000 for breach of promise.

PRUSSIAN EAGLE COMES TO INGOMINIOUS END

New York, July 20.—A stone likeness of the Prussian eagle, overlooking Central Park from Fifty-ninth street, was beheaded with a crowbar by an American workingman, today and the body was chiselled into dust.

The eagle perched upon a building once occupied by the German Club. The first thing the Army and Navy Club did today when it took over the structure was to slaughter the Imperial bird.

PLAY FAIR WITH HOME MERCHANTS.

Do you realize how unfair many a man and woman is with grocer and clothier and butcher? The word "unfair" is used advisedly, too, in this instance.

As the fancy strikes, or the neeed prods, you go to the retailers you deal with, place your orders, and, many times, say—"Charge these items, please." And then, apparently, many forget all about paying for the merchandise for several months. Let us see what the retailers do in this interval.

There are very few wholesale houses today that are not on the thirty-day or sixty-day credit basis. And when a manufacturer or a jobber says that the invoices of goods he has shipped must be settled in thirty days he means it. If the retailer values his credit standing, he takes the terms of the manufacturers to heart. He strains to meet his bills, and often is forced to decline ordering much-needed merchandise because of the uncertainty of having funds in hand with which to pay the bill when it becomes due.

Your retailer must respect the terms granted by those with whom he deals. Is it fair play for you to pay little or no attention to the terms on which he sells goods on credit?

It is true that there are times when a person is face to face with adversity, and in such cases your retailer is found to be sympathetic in a practical way. The dealer who does not willingly grant an extension of time for payment to those who really need it, is rarely met with. But the great bulk of those who do not pay their bills when they become due are able to do so. In most cases it is due to carelessness and a lack of appreciation of what the average retailer is really up against.

Today, when loans are difficult to negotiate, your retailer can not step up to his banker and ask for more and more money to put into his business in order to carry on his books a far greater amount of credit than his business justifies. The point is soon reached when the negligence of so many buyers to meet their obligations with the local dealers when they become due, begins to tax the business of the local dealers unduly These retailers, whose businesses are of vital importance to your comfort and convenience (far more than the average individual takes into consideration), should not have to send out statement after statement without response.

Remember, it costs money to do business these days—far more than it used to. And no merchant enjoys the old-time credit privileges once so lavishly extended, though many a patron of the local retailer takes his or her good time to pay a bill that should have been paid when due.—(Exchange).

IDLE HOUR.

While in San Francisco, working on her latest Universal-Jewel production, "Outside the Law," Priscilla Dean proved herself "the life of the party," at the convention of the International Traffic Officers' Association, being held at that time.

First, to make things regular, she was sworn in as a special "cop," on the San Francisco force and assigned to traffic duty. In this capacity, stationed in front of the Civic Auditorium where the convention was held, she "arrested" Al G. Faulkner, prominent San Francisco and Los Angeles automobile man, for cutting a corner. With all the dignity of "one of the finest," she tagged him for an early showing in court.

For her diligence in this matter the pretty Universal star was made a member of the International Traffic Officers' Association and given a life card. She was introduced to the order by President Daniel Sylvester and expressed her thanks in a pretty little speech. Later, when a gold watch was purchased by the association, for President Sylvester, Miss Dean was called upon to make the presentation speech.

All the officers voted her a "regular fellow" and Miss Dean said she was proud to be one of them. Miss Dean will be seen here in "Outside the Law" at the Idle Hour Theater Saturday.

How Nuxated Iron Helped
Put Me In Such Superb Condition As To Enable
Me To Whip Carpentier
And Win The World's Championship

JACK DEMPSEY
"TIGER OF THE RING"
Tells a Secret Of His Training—Advises People Who Are In a Weakened, Rundown Condition To Use Nuxated Iron To Increase Their Strength, Vigor and Vitality

Today, recognized as the physical superior of any living man, the superman of the age, Jack Dempsey, heavyweight champion of the world, explains below the part Nuxated Iron played in helping to prepare him for the two supreme tests of his career. First he used Nuxated Iron as a part of his training to increase his strength and endurance in his decisive smashing victory over the mighty Willard who had never before been knocked from his feet. In this battle Dempsey displayed a dynamic overwhelming strength and power never before known in the history of the ring; and now again in his phenominal victory over Carpentier he displayed that same indomitable force and nerve never before seen in any human being. The fact that Dempsey took Nuxated Iron as part of his training for both Willard and Carpentier is convincing evidence of the importance he attaches to keeping his blood rich in strength-giving iron, and the high regard in which he holds Nuxated Iron as a master strength and blood builder.

In a statement made at his headquarters in New York after the fight Jack Dempsey said: "A couple of years ago in preparing for my big fight with Jess Willard I took Nuxated Iron, and after I had taken it for a short while I was positive I could stand harder strains with less fatigue than before; and I firmly believe that Nuxated Iron put added power behind my punch and helped me to whip Jess Willard and thereby win the world's championship at Toledo. After that time whenever I felt rundown I used Nuxated Iron to help build up my physical condition; and when I started to train for the international championship bout against Carpentier I resumed the regular use of Nuxated Iron, feeling positive that it would help give me that rugged strength, endurance and power that is of greatest importance in contests of this kind, because, other things being equal, victory always goes to the strongest man. In this I was not mistaken as Nuxated Iron again came to the front at the time I most needed it, and I am sure that it played an important part in getting me into such fine physical condition as to enable me to win so quickly and easily in my battle with Carpentier. Before the fight I had heard so much of Carpentier's great skill and the ease with which he had defeated all the noted heavyweights of Europe that I felt I might have a battle royal on my hands; but I found him even easier for me than Willard and I felt practically as fresh after the fight as when I started."

It should occur to every thinking person that if a man as physically fit as Dempsey should consider it advisable to take Nuxated Iron, in training for his battles with Willard and Carpentier, how much more important it is for the average man or woman to see that there is no lack of iron in the blood or nerve force in the nerves. Thousands of men and women are weak, rundown and old before their time, their nerve force shattered and their health wrecked simply because they have allowed worry, overwork, grief, constant nervous strain and excesses of various kinds to sap the vital nerve fluid from their nerve cells and the iron from their blood. In such cases one may not only suffer from terrible physical tortures such as great nervous irritability, heart palpitations, indigestion, splitting headaches, pains across the back, dizziness, sleeplessness extreme weakness, etc., but the mind is naturally more or less affected, the memory becomes poor, the judgement bad, and such often results in business failure and may even cause the sufferer to commit suicide or land him in an asylum.

Many a capable man or woman falls just short of winning success and happiness in life because they do not back up their mental ability with the physical strength, energy and endurance which comes from having plenty of good rich red blood and nerve force. In such cases it is often worse than foolish to take mere stimulating medicines or narcotic drugs. What you need is something to put more nerve force in your nerves and more iron in your blood. This is most effectively accomplished by the free use of Nuxated Iron. This valuable product contains the principle chemical constituent of active living nerve force in a form which most resembles that in the nerve and brain cells of man. It also contains organic iron like the iron in your blood and like the iron in spinach, lentils and apples. This form of iron will not blacken or injure the teeth nor upset the stomach. It is an entirely different thing from metallic iron which people usually take. Nuxated Iron may therefore be termed both a blood and nerve food as it feeds strength-giving iron to your blood and the principal chemical ingredient of active living nerve force to your brain and nerve cells.

Important Statement of Jack Kearns, Manager for Dempsey

"Knowing the benefits that Dempsey had derived from the use of Nuxated Iron in training for his contest with Willard, I strongly insisted that he must again use this product as part of his regular training for his battle with Carpentier, and from the results which Dempsey has obtained from the use of this product in both his phenominal victories over Willard and Carpentier, I strongly advise people who are in a weakened rundown condition to try this wonderful strength and blood builder."

MANUFACTURERS' NOTE: From the above article the reader must not infer that Nuxated Iron will make a giant in strength or a world's champion out of the average man; but Nuxated Iron will increase the red blood corpuscles and by so doing greatly increase your strength, power and endurance, and supply increased nerve force to the starving nerve cells. You can try Nuxated Iron on our absolute guarantee that if it does not increase your strength, power and endurance in two week's time and give you perfectly satisfactory results your money will be refunded. Beware of substitutes. Look for the word "Nuxated" on every package. Nuxated Iron for the blood and nerves is sold by all druggists.

SPORTS

The B. Y. P. U. baseball team have chosen for their opponents tomorrow, at Marshall Hall, one of the best junior teams in the city, the Rosebuds.

Among the Rosebud's list of stars will be Kid Snoots, some time called the left hand wonder; Cruppen on second; M. Deavors on third, and Bube McIntosh at short, who has a great record at batting; N. Deavors, left field; C. Deavors, right field; Tom Verrion, center field.

The B. Y. P. U. team is not altogether without stars as they will have J. J. Davis, better known as "Daddy Davis" on first; Rammorge on second; Edwards on third, and Howard at short. The field will be taken care of by Duty or Ford, right field; Chauncey, center field; West or Pettitt, left field. The batting for Rosebuds will be Elliott, one of the best twirlers of the day, while Sorel will catch. For the B. Y. P. U. Blunt will twirl and Happy Whitton or Shad Lawler will receive.

Boys of the B. Y. P. U. team are asked to report to the captain on arrival of boat, providing they go at 10:30.

The Destroyer A. C. broke their losing streak yesterday by walloping Vinegar Hill Aggravators to the score of 11 to 3. The D's had their bats working overtime. Four doubles and trilpes, eight singles and a home run was gathered off Paige's delivery. The Aggravators got two runs in the first inning and held their lead until the third when the D's heavy hitters came up. They got three runs in the third and again got to Paige in the fourth for eight more That put the game on ice. Grimm on the hill for Destroyers was in rare form only allowing three hits, walking one and striking out eight. He also got a double and triple accounting for two runs. Wood on third base, proved to be the fielding star of the day running to the right of third base and made a one hand stab off Curtain's high fly while running backwards. Diefus on short easily handled everything that came his way. Snellings played his first game at second this year and you can easily see he knows how to play the position and Ludlow on first pulled many bad pegs out of the air. This boy is a natural first sacker. The D's out field was composed of Cocktell in left, Whitestone in center and Pierpoint and F. Ludlow in right. Owing to the high wind, these boys made some very difficult and pretty catches only missing one fly ball. Lash behind the bat put pep in his teammates. It is noticed when this youngster is out of the game the team does not play with its usual pep. Saturday at 5 o'clock the D's will meet a star combination of players composed of the Staunton and Templar nines. This is sure to be a good game as the home boys are out to defeat these boys because they canceled on us Sunday. Sunday the D's will play the Christ Childs A. C. This team claims to have beat Walter Reed Soldier Boy's, so you are assured of a good game. Game starts at 2 o'clock. Both games to be played on high school grounds.

SHOOTS HER HUSBAND DEAD, BUT MISSES OTHER WOMAN

Huntington, W. Va., July 20.—Driven frantic by jealousy when she found Carl Ward, 30, her husband, in a compromising position with Orielda Adkins, Mrs. Rhoda Ward, 27, shot her husband to death.

The tragedy took place on his boat moored in the Ohio river, near Huntington. Mrs. Ward then turned her pistol on the Adkins woman and fired twice at her, both shots missing. Miss Adkins dashed from the boat to her boarding house nearby, where she secured a revolver and opened fire on Mrs. Ward, but all her shots missed.

Mrs. Ward was near the boat when a policeman arrived and surrendered. When the officer looked for her pistol Mrs. Ward went into the weeds near the river bank and brought it out from where she had tossed it.

Professor Budlong Puts Tanlac To Test

Prof. C. J. BUDLONG, Manchester, N. H.

"It's an actual fact, I'm in good health for the first time in thirty years and I owe my present splendid condition to Tanlac and nothing else," was the emphatic statement of Prof. C. J. Budlong, well-known and highly respected citizen of Manchester, N. H., residing at 42 School street.

"Practically all my life I had had rheumatism, and when I say rheumatism I mean every word of it. It was all over my body and especially bad in my feet and legs and there were times when I couldn't get from my bed to my chair without help. And from the time I was a boy I couldn't sit down and eat a good meal without being in misery afterwards and I would have terrible pains around my heart and frequent attacks of palpitation and dizziness.

"I had a stubborn case of constipation, was troubled awfully with blinding headaches and hardly knew what sleep was. My suffering had almost made a complete nervous wreck of me and I was so weak I wasn't worth a nickel as far as work was concerned. I thought my troubles had a life-long grip on me and was about as discouraged as a man ever gets.

"Well, before I had finished my first bottle of Tanlac I realized it was different from anythin I ever tried. It suited my case exactly. And now for almost the first time since I can remember I can eat anything I want and digest it. I haven't an ache or a pain and have gained fifteen pounds in weight. I just feel good all over and am full of life and energy these days. Everywhere I go I talk Tanlac. It hasn't an equal."

Tanlac is sold in Alexandria by Edgar Wanfield, Jr., and leading druggists everywhere.

By virtue of and pursuant to the terms of a deed of trust dated November 10, 1919, executed by James M. Lowry and wife to Robinson Moncure, Trustee, and recorded among the land records of the County of Arlington, Virginia, in Deed Book 165 page 216, at the written request and direction of the party thereby secured, default having been made in the payment of the indebtedness secured by said Deed of Trust the undersigned Trustee will offer for sale at public auction, in front of the Royal Street entrance of the Market House, in Alexandria City, Virginia, on

SATURDAY, July 23rd, 1921, at 12 O'CLOCK M., those parcels or lots of ground with the improvements thereon and the appurtenances thereunto belonging, located in Arlington County, Virginia, being known and designated as LOTS NUMBERED ELEVEN HUNDRED AND ONE AND ELEVEN HUNDRED AND TWO (1101 and 1102) in a certain plan of lots called Del Ray, Virginia, surveyed by D. J. Howell, surveyor, as shown on the plat thereof, which is duly recorded among the land records of said County in Deed Book O No. 4 page 440 et seq, and being the same two lots of ground which were conveyed to the said James M. Lowry and wife by Edward Hart and wife, by deed dated October 30, 1919, and recorded among said County land records in Deed Book 165 page 214.

Above property will be sold subject to a First Trust for $2,500.00 which comes due October 25, 1921. Interests will be adjusted to date of sale.

TERMS OF SALE:—Conveyancing at the cost of the purchaser or purchasers, including Revenue Stamps. Balance over first Trust to be paid cash by purchaser.
165-9c. Robinson Moncure, Trustee.

WEAK, WEARY WOMEN

Learn the Cause of Daily Woes and End Them

When the back aches and throbs,
When housework is torture,
When night brings no rest nor sleep,
When urinary disorders set in,
Women's lot is a weary one,
Doan's Kidney Pills are for weak kidneys.
Have proved their worth in Alexandria. Ask your neighbor.
This is one Alexandria woman's testimony.

Mrs. Milton Moore, 123 Duke St., gave the following statement on April 13, 1915; "Doan's Kidney Pills are one of our household remedies. I have used Doan's at different times when I have had backache and general kidney disorder with very good results. I always recommend anything I know is good and I am sure Doan's are a fine remedy."

On March 14, 1919, Mrs. Moore added: "I praise Doan's just the same as ever, for they have always been just as represented. If I have the least ache in my back a few of Doan's are sure to give me relief."

Price 60c, at any dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moore had. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

Camp Humphreys

Major General James G. Harbord, Executive Assistant to General Pershing, delivered an address in the Liberty Theater on Sunday evening July 17th, to about a thousand people of the camp and vicinity. He spoke on Armenia basing his address on personal observation and experience in that region while directing the American Commission sent there by President Wilson in 1919.

The Fifth Regiment of Engineers, District of Columbia National Guard arrived in camp Saturday afternoon under command of Major John W. Oehmann of the National Guard and Major R. D. LeGarde of the Regular Army. The regimental surgeon is Capt. George J. Allen. Capt. E. H. Grove is Quartermaster and Capt. R. B. Bolton, Sanitary Inspector. The regiment has an excellent band of 40 pieces. The men are occupying quarters in old "C" section of the camp, and will remain until Saturday.

Major Beverly C. Dunn, of the Educational Department at this camp, has been transferred to the District Engineers office, New York city. Major Dunn left Saturday, July 16th.

Captain S. H. Ware, of the Quartermaster Corps, who has had charge of transportation on this post for a number of months has been transferred to the Quartermaster Supply Depot, First Avenue and Fifty-ninth street, Brooklyn, N. Y. He leaves Tuesday, July 19th, having been relieved by Capt. LeRoy M. Edwards, Q. M. C., whose family will arrive in a few days and occupy quarters X-1.

Miss Eliza Crump, of Alexandria, is the guest for a few days of Miss Marian Hockman at quarters Y-28.

Miss Lorine Kellar and Miss Mildred Middleton, of Washington, D. C., were week-end guests at the home of Chaplain and Mrs. Perry O. Wilcox.

There will be a party for the enlisted men of the camp at the Service Club on Thursday evening. A number of young ladies from Washington will be present.

Capt. E. M. Caffey, who during the Reserve Officers' Training Camp, which has just closed was instructor in marksmanship at the target range goes on a 40 day leave Tuesday, July 19.

The 1921 Reserve Officers' Training Camp for Engineers comprising about 600 college students closed here Tuesday, July 19th, after a very successful session of five weeks. On Monday afternoon General Pershing review the battalion accompanied by Colonel Mason M. Patrick, Commanding Officer of Camp Humphreys. Colonel James A. Woodruff was in command of the battalion.

At the close of the review commissions as second lieutenants in the Officers' Reserve Corps were presented to sixteen men and three others are to receive them. Expert marksman badges were awarded nine men. General Pershing made the presentations personally and afterwards addressed the troops congratulating them upon their success in the present season and explaining the policy of the War Department with reference to the relationship of the Reserve, the National Guard and Regular Army.

The closing events of the 1921 campwere to be held at Belvoir Dock on Tuesday afternoon, July 19th, when a picnic and swimming contests with medals for the winners took place.

CHINESE PROVERBS

If you bow at all, bow low.

Free sitters at the play always grumble most.

A man thinks he knows, but a woman knows better.

I have seen not one who loves virtue as he loves beauty.

Only imbeciles want credit for the achievements of their ancestors.

The faults which a man condemns out of office he commits when in office.

No image-maker worships the gods; he knows of what they are made.

One more good man on earth is better than an extra angel in heaven.

It is not the wine which makes a man drunk; it is the man himself.

If you suspect a man, do not employ him; if you employ him, do not suspect him.

ARMY-NAVY BOMBS DROPPED ON CRUISER FAIL TO SINK SHIP.

Washington, July 19.—A 300 pound bomb dropped by an army airplane, landed amidship on the former German cruiser Frankfort, off the Virginia Capes, today, the Navy Department was advised, but failed to sink the ship. Upper works were damaged, the message said, but the "ship has taken no water" and bombing with heavier missiles continued.

The message was sent from the dreadnaught North Dakota, observing the bombing in which naval aviators made the first attack.

"First attack by navy today resulted in direct hit with navy 250 pound bomb," it said. "At one fifteen," it continued, "bombing ceased while a board of observers visited the Frankfort. Total bombs dropped, 36. Four hits made by the navy bombers failed to explode.

"Army 300-pound bomb dropped at one fifteen scored direct hit amidships resulting in damage to the upper works and decks.

THE HOUSEWIFE OF 1921

Now that Woman's Suffrage is a reality the American woman must henceforth be considered not merely as a housekeeper and home-maker, but as a voter—a citizen and a force in this busy work-a-day world. With added responsibilities her health should never be neglected, and when beset with ailments peculiar to her sex she owes it to herself to first give that grand old medicine, Lydia E. Pinkham's Vegetable Compound a trial, as for over forty years it has been the standby of American women in restoring them to health and strength.

THE U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

The standard tire likes nothing better than to prove its service

PEOPLE used to be secretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticise such abuse of tires. A mark of the growing *consciousness about tires*—their service, their work, their value.

This same respect for a good tire is the reason why the four-square tire dealer has passed up odds and ends, "job lots", "seconds", "cut prices"—and come out squarely with the *standard quality service* of U. S. Tires.

He is getting a bigger, and also better, tire business than he ever had before.

He is dealing now with *his own kind* of people. The substantial citizen. The man who knows that you can't get something for nothing. The *steady customer*—not the bargain hunter.

* * *

To the man who has not yet learned the *standard tire service* he is entitled to we say—

Go to the dealer in U. S. Tires and make him show you.

Here is a man in close touch with one of the 92 U.S. Factory Branches—a constant supply of fresh, live U. S. Tires.

The U. S. Tire you buy is a tire built for *current demands*. No overproduction. No piling up of stock. No loss of mileage by hanging around on the dealer's racks.

Every way you look at it, a *par quality tire at a net price*.
